Solihull Riding Club

Biosecurity Policy

If your horse is showing any symptoms of illness, please do not bring them to Solihull Riding Club. Symptoms include, but are not limited to:

- Temperature below 36.5°C or above 38.5°C
- Breathing rate below 8 breaths/min or above 15 breaths/min
- Resting heart rate below 25 beats/min or above 45 beats/min
- Capillary refill time (in the gums) of more than 1-2 seconds
- Discharge from the eyes or nose
- Unusual stance
- Unusual droppings/amount of droppings
- Not drinking/eating
- Unusual general demeanour
- Do not allow your horse to have contact with any other horse onsite.
- Avoid having contact with any horse other than your own. If you do have contact with any other horse, wash your hands as well as removing any outer clothing and disinfecting footwear.
- Bring your own water buckets and avoid submerging hoses/nozzles.
- Do not share any equipment between horses unless it has been disinfected between use.
- Please do not allow your horses to graze anywhere onsite.
